

OXFORD DOCTOR WHO SOCIETY

Trinity Term 2021

WEEK

1

An Unearthly Child:

Thursday 29th April, 8pm, WhoSoc Discord Voice Server (Box of Broadcasts/BBC iPlayer)

We go back to where it all began with 'An Unearthly Child', way back from 1963. Schoolteachers Ian Chesterton and Barbara Wright have some concerns about a pupil, Susan Foreman, but when they go to investigate they are not prepared for what happens next. Who is the mysterious man in a police call box in a junkyard, and just where will they go?

WEEK

2

Master Randomiser:

Thursday 6th May, 8pm, WhoSoc Discord Voice Server (iPlayer)

Can you hear the drumming? Well, stick around and watch a random New Series Master story, chosen from the Bucket of Rassilon! The potential stories include 'The Sound of Drums'/'Last of the Time Lords', 'The End of Time', 'Dark Water'/'Death in Heaven', 'The Magician's Apprentice'/'The Witch's Familiar', 'World Enough and Time'/'The Doctor Falls', 'Spyfall', and 'Ascension of the Cybermen'/'The Timeless Children'!

WEEK

3

'Not Technically Doctor Who' Week:

Thursday 13th May, 8pm, WhoSoc Discord Voice Server (Box of Broadcasts)

We take a sideways journey through time and space to visit some not-exactly-Doctor Who-but-who-cares content! From *ER* (starring Alex Kingston and others), *The Thick of It* (starring Peter Capaldi) and *This is Jinsy* (starring David Tennant), here we'll watch some of the other things Doctor actors and companions got up to in their careers. Whether you consider them canon to *Doctor Who* is up to you! (We definitely do...)

WEEK

4

The Hand of Fear:

Thursday 20th May, 8pm, WhoSoc Discord Voice Server (Box of Broadcasts)

ELDRAD MUST LIVE! The Fourth Doctor and Sarah Jane are caught in a mining explosion, and when Sarah is found to be clutching a fossilised hand, things only go fearfully wrong from there. Featuring potential radioactive disaster, ancient schemes, and touching moments between the Doctor and Sarah, this is not one to miss!

WEEK

5

Adrift (Torchwood) and Death of the Doctor (The Sarah Jane Adventures):

Tuesday 25th May, 8pm, WhoSoc Discord Voice Server (Box of Broadcasts)

From the Worlds of Doctor Who come two spin-off episodes! We first journey to the world of *Torchwood*, with 'Adrift', where Gwen Cooper investigates disappearances in Cardiff, all linking to the space-time rift at the heart of Torchwood. What is Captain Jack hiding, and will Gwen want to find out the truth at all? Then, in 'Death of the Doctor', if it wasn't obvious from the title, the Doctor has been declared dead! Is this true? Well, Sarah Jane and former companion Jo Grant (now Jones) are determined to find out, even if the alien undertakers the Shansheeth have other ideas...

GEEK QUIZ!!

Thursday 27th May, 8pm, Zoom

In the legendary (virtual) Geek Quiz, members of Oxford's geekiest societies get together to battle it out for the crown of "team who won that term". If you can write a round not entirely related to Doctor Who, bring it along. Please ensure your round is visual – make a PowerPoint with each question displayed on a different slide. Our society usually divides up into a few different teams – come along and help us beat those pesky TrekSoc-ers!

WEEK

6

The Doctor's Wife and The God Complex:

Thursday 3rd June, 8pm, WhoSoc Discord Voice Server (iPlayer)

It's Series Six in Sixth Week! (We try to be on-brand here) In 'The Doctor's Wife', the Eleventh Doctor receives a Time Lord distress signal and follows the signal to (hopefully) find another Time Lord! But what awaits on the mysterious asteroid in the bubble universe, and what connection does the woman Idris have to the Doctor and his TARDIS? Then, in 'The God Complex', the Doctor, Amy, and Rory arrive in what seems like a normal hotel, but they soon discover that every visitor has a room containing their darkest, deadliest fears. Just what is inside the Doctor's room, and can he save everyone?

WEEK

7

Reconstruction Discussions:

Thursday 10th June, 8pm, WhoSoc Discord Voice Server

Sadly, the BBC in the 1970s did the unthinkable and scrapped many *Doctor Who* episodes, and despite the amazing escapades of many fans, who have restored episodes to the archives, some remain missing. We will be discussing the various elements of the missing episodes that survive today – soundtracks, telesnaps, scenes, and the official and unofficial attempts to resurrect these stories and save them from the quicksand of time...

WEEK

8

Games Night + Committee Meeting:

Thursday 17th June, 8pm, WhoSoc Discord Voice Server

To celebrate the end of a challenging academic year, we are throwing a (virtual) party! Games galore, with *Doctor Who* twists, featuring your old favourites, but this time without the risk of being teleported onto a Dalek ship to face certain death. Feel free to come along and suggest your own games that we can play (think Jackbox or skribbl.io!). We will then have our termly Committee Meeting, where you can decide with us what'll be happening in Michaelmas!
